Best Practice 1

Title of the practice:

Enabling Access for differently abled students to Higher Education

Objective of practice:

- To encourage differently abled students to pursue higher education
- To provide financial relaxation

Context:

The families of differently abled students are faced with multiple challenges. One of the major challenges is management of finances and finding a suitable institution for their education. Our college believes in providing equal opportunities for everyone and has laid special emphasis to encourage differently abled students to pursue education. For this, the differently abled students are given admission to the college at a nominal fee of Rs. 10/-. The college also has purchased Dot Mini technology and Jaws software for the visually challenged students. Ramps are built at entrances for ease of mobility.

Practice:

Every year the college representatives approach different institutions in rural and urban areas for identifying differently abled students. The college encourages these students to take admission for higher studies. The college is in contact with these institutions and explains the financial benefit extended to these students. Our college is the only one in the entire district to provide such financial and academic support and help to empower the differently abled students.

Evidence of Success:

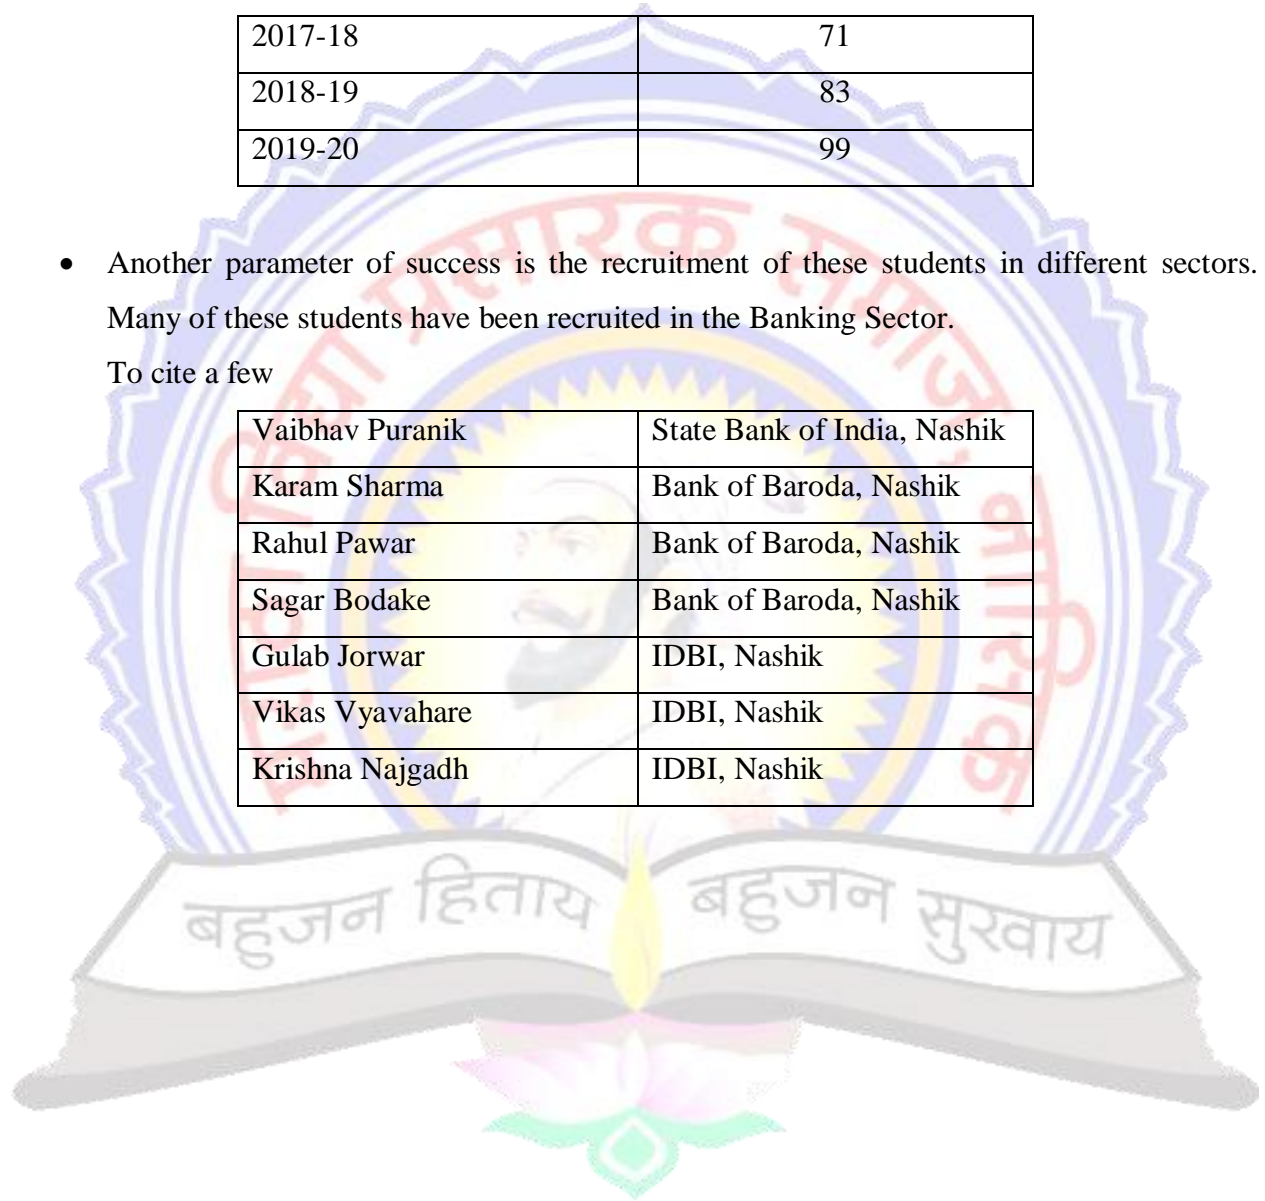

- The success is evident from the increasing number of differently abled students getting admitted to different courses every year.

2017-18	71
2018-19	83
2019-20	99

- Another parameter of success is the recruitment of these students in different sectors. Many of these students have been recruited in the Banking Sector.

Best Practice 2

Title:

Widening of sports on college campus

Objective:

To develop state of art sports facilities for students pursuing sports.

To encourage students for active participation in sports by providing opportunity to all.

Context:

The college has laid special emphasis on the overall development of students which includes their participation in sports in addition to their academics. Sports activities are influential in developing the overall personality of students, strengthening them mentally and physically. Taking in view the problems faced by todays youth, sport activities can help give vent to their problems and channelize their energy fruitfully. In this context, the college has taken the initiative to encourage majority of students to avail the sports facilities.

Practice:

A fulltime sports teacher and mentor is appointed in the college. The students are encouraged to participate in different sports and the infrastructure and facilities are provided therein. The college has provided facilities for various indoor and outdoor sports. Sport facilities for Badminton, tennis and archery have been upgraded. Wooden courts specially designed for these purposes have been built. Water sports like Rowing, Kayaking and canoeing are very popular among students. The advantage of the college being situated near the Godavari river bank has been fully utilized. The college has many success stories to quote.

The differently abled students are also involved in sports activities like gymnastics, cycling, athletics etc.
